ATDD Participant Prerequisites

We are very much looking forward to having you on the Boat (or virtual) for ATDD Training. We are located at 1151 North Marginal Road, Cleveland 44114. Follow the signs to LeanDog and Burke Lakefront Airport and park in LeanDog's Free parking lot (to the left of the parking booth). Lunch will be provided.

Because this is a hands-on workshop you will need to bring your laptop. Please take note of the laptop system requirements and follow the setup instructions below prior to training. If you have any issues or questions regarding set-up, please reach out to Eric Hankinson at eric.hankinson@leandog.com.

Required Software:

- Git
- Docker
- TypeScript
- VS Code

Required Access:

Your laptop must have the capabilities and proper configuration prior to attending. If you do not understand what any of this is, please contact your company's tech support for help.

- Be able to install software on your laptop
  (Local Admin in Windows, or Administrator in macOS)
